

2015 United Way of Cass-Clay School Supply Drive

Thanks to the incredible support from the community, in the last 5 years, over **28,000** backpacks full of brand new school supplies have been distributed to local Cass and Clay County K-12 grade students. The United Way School Supply Drive exists to remove one barrier that local families have to learning. We know that when a child goes to school with the tools they need on the first day they are prepared to learn.

THANK YOU!
