

SEE YOUR UNITED WAY INVESTMENT IN ACTION!

Any United Way investor is invited to volunteer on a Community Investment Review Panel

Volunteers play an important role in ensuring dollars entrusted to United Way are leveraged to their maximum capacity by evaluating programs' client outcomes, alignment with the United Way strategy, and the overall impact on the community.

As a Community Investment Review Panel Volunteer Applicant, you commit to:

- Attend a mandatory 3 hour training session on either February 7th or 9th from either 8:30am-11:30am or 1:30pm-4:30pm
- Spend 8-12 hours on your own reviewing applications of 3-4 programs seeking United Way funding
- Participate in a 1-day site visit session (8 hours) touring agencies & discussing their impact with a panel of 8 volunteers, site visits will occur during the first three weeks of March

As a volunteer you have the opportunity to:

- Learn about a variety of agencies and programs in our community that make a difference with your investment
- Let your voice be heard by making recommendations to the Community Investment Committee about which programs should receive funding and at what level
- Meet and network with other volunteer United Way investors
