Think about your childhood and the experiences you have had in your life. Several statements will be read out loud. If the statement applies to you, move your marker, finger, or eyes either forward or backward as instructed. (Optional detachable “marker” is included in the upper right hand corner.)

#LIVEUNITEDCassClay
Opportunity Matters Facilitator Guide, Statements, Materials, and PDF of this worksheet are available at www.unitedwaycassclay.org in the “Campaign Tools” section. For more information email our team at unitedway@unitedwaycassclay.org.
Your Investment is Helping Families and Children in our Community

It’s important for all opportunities to be open for all children and families to succeed but that doesn’t happen naturally and some need extra support, services, and interventions.

This is why the United Way of Cass-Clay invests in our BOLD Goals with the specific focus of low-income families and children who are at-risk or underserved by programs that would provide these much needed opportunities so that they are able to lift themselves out of poverty and succeed.

Reduce hunger insecurity of families and individuals in need

Prepare children to enter school ready to succeed

Increase access and reduce barriers to health and behavioral resources

Help low-income individuals enter the workforce & elevate their employment & career opportunities

Reduce long-term, chronic homelessness

Prepare students to be successful as they progress through school and graduate ready for post-secondary or the workforce

Increase access and reduce barriers to social and vocational opportunities

Support families by increasing access to quality, affordable child care

2019 Sessions
May 23
8:30 - 11:00 AM
August 15
1:30 - 4:00 PM
October 29
8:30 - 11:00 AM
